Organic Rosehip Facial Scrub

Organic Rosehip Facial Scrub is rich and luxurious, giving your face a deep and gentle cleanse to remove dead skin cells. It exfoliates and moisturises, leaving your complexion clean, refreshed and glowing.

The Organic Rosehip Facial Scrub is suitable for all skin types, especially for sensitive, scarred & blemished skin. This unique formulation contains organic french clay (which is plant matter), providing a very high rich dose of nourishing minerals to help restore skin health. It will help absorb oil and dirt through its toning action which stimulates the skin by bringing fresh blood to damaged skin cells, revitalizing the complexion, and tightening pores. The organic french clay is also a natural exfoliant, which is important for removing dead skin cells from the surface to produce new, healthier and blemish-free skin.

Another benefit of organic french clay is to improve circulation. This may seem like a simple thing, but increasing blood flow to the surface of the skin is essential for an optimal healthy glow. It means more nutrients and oxygen is circulating to the skin, which is important for skin repair and for the prevention of premature lines.

The organic essential oils which are in the scrub will help the skin to heal itself, stimulating cell growth, reducing inflammation, preventing scarring and balancing the production of oil while at the same time cutting down on localized pain - all perfect when fighting acne and problem skin.

The use of only certified organic ingredients and all natural organic preservatives means that even someone with the most sensitive skin can use this product without any issues.

DIRECTIONS: Apply a small amount of scrub on moist skin, and gently massage in small rotary motions to remove dead skin cells. Rinse well with lukewarm water, or wipe off with damp cotton wool pads. Pat skin gently with a soft towel. Option: Scrub can also be left on face for 5-10 minutes as a mask. People with delicate skin only use every 2-3 days.

INGREDIENTS: Organic rose water; organic rosehip powder; organic french clay; organic seaweed; xanthan gum; sandalwood powder; organic rose geranium; organic rosehip oil; organic chamomile & marigold extracts; natural vitamin E; organic jojoba; organic aloe vera; organic lavender; organic lemon oil; organic grapefruit extract.

SIZE: 60ml
